PROFESSIONAL SUMMARY

HubSpot Developer and Automation Specialist with **2+ years** of experience delivering **50+ websites** for North American clients. Specialized in **HubSpot CMS**, **HubL**, **HubDB architecture**, **membership portals**, **CRM integrations**, **workflow automation**, and **dynamic content platforms**, with delivery in **WordPress**, **Next.js**, **React**, **TypeScript**, **REST APIs**, and **Python**. Portfolio: portfolio-kappa-gray-11.vercel.app.

PROFESSIONAL EXPERIENCE

•Palmspire Technology

Aug 2024 – Present

HubSpot Developer

Remote | Calgary, AB, Canada

- Developed and maintained **HubSpot CMS** websites, landing pages, custom themes, and reusable modules using **HubL**, **HTML**, **CSS**, **JavaScript**, and **TypeScript**.
- Built **HubDB-powered** resource libraries, event platforms, dynamic listing pages, dynamic detail pages, resource centers, and blog platforms for scalable content management.
- Implemented **membership portals**, gated content systems, login workflows, and user-specific experiences including cookie-based personalization and saved user preferences.
- Developed **CRM integrations** and **workflow automation** with **HubSpot CRM** — deal automation, product catalog management, line item sync, and CRM-connected web experiences.
- Delivered **WordPress (Elementor)** websites, **Next.js** applications, and internal developer documentation; contributed to scoping, estimation, and architecture for **50+ North American client projects** with **SEO-optimized**, accessible, cross-browser delivery.
